Comments made by Judges

SA Three

Peter	Fleck	looks like you guys had a lot of fun great fall shots
John	Gillette	Nice video quality. Skills weren't the greatest, but you guys went for it with gusto! Lots of fun and personality! You could make a good Advil commercial. Good entertainment value!
Chuck	Gleason	Nice first video. Very entertaining. Looks like you guys have a great time skiing and hanging out together.
Daniel	Lariviere	Entertaining yet not mind blowing. These guys show that they have a lot of balls! Nice choice of music and good video editing.
JASON	LEE	NICE EFFORT FROM THESE FELLAS. I ENJOYED THE HINT OF COMEDY (FACE SLAP ETC). GOOD EDIT. SOME OF THE SEQUENCES WERE LONGER THAN NECESSARY, SHOULD PACK MORE ACTION IN, VS SLIDE OUTS ETC...
Don	Mixon	looks like you guys had a lot of fun great fall shots
Scott	Pellaton	The guys are having some great fun, degree of difficulty is low
Ron	Scarpa	looks like the total dominance of the devilliers boys is safe for a while. The video was entertaining

Andre

Peter	Fleck	Turn into side slide, vary impressive, smooth skiing, re-think jumping over boats, thats not a safe direction for these videos to go.
John	Gillette	Nice water conditions! Cool idea to use the ultralights, but I think the work and coordination it took to do that didn't add to the entertainment value. Love the clean one foot sidslides coupled with turns. Also loved the layed out jumps behind the boat, though I don't think flying over the PWC or boat added anything but danger factor. Nice videography and editing.
Chuck	Gleason	Off the charts cool. I have no idea how you'll top this one! You have the biggest balls in the sport!
Daniel	Lariviere	UNBELEIVABLE! Handle changes from SFH to boom are sweet and really smooth. Jumps over the PWC and Flightcraft are amazing! Good choice of music and great video editing. Never before seen camera angles. Got to give it a perfect score!
JASON	LEE	WOW.. THE SICKNESS IS STRONG IN HIM. EFFORTLESS MASTERY... DREAMY FANTASY FOOTING... BORDERS ON BOTH INSANITY AND NIRVANA... I DON'T THINK I EXAGGERATED. I GIVE IT A 10 BECAUSE THERE IS NO 11. POST SCRIPT... TALK A BIT IN YOUR VIDS PLEASE, YOUR FANS WANT TO HEAR FROM YOU.

2010 BarefootCentral.com Freestyle Challenge

Round #1 Final Results

	Don Scott Ron	Mixon Pellaton Scarpa	Turn into side slide, vary impressive, smooth skiing, re-think jumping over boats, thats not a safe direction for these videos to go. great camera work and coordination, great footing
			Very impressive and scary. I think we need to implement some safety in our already risky sport. I would hate to loose our greatest freestyle athlete to a un necessary accident. It's also nice to see little chuckie throw on a few pounds. At least I know he is now human
Jamie	Peter John	Fleck Gillette	Vary versatile, great show footage but film quality could be better Nice diversity of things, though all the water ski activity didn't add to a barefoot freestyle video. The BF pryamid dropping the top guy to barefoot position was one I hadn't seen before. 19 man barefoot! Is that a record? Video quality was real weak...jiggling camera, not very close up, poor light. Nice long line surface turns.
	Chuck Daniel	Gleason Lariviere	Vary versatile, great show footage but film quality could be better Some very technical/challenging tricks performed in sometimes very rough water conditions. Video quality was a bit poor at times. Very entertaining with more of a show-ski flavour.
	JASON Don Scott Ron	LEE Mixon Pellaton Scarpa	SOME NICE STUFF IN THERE... COOL SHOWSKI FLAVOR BUT I CRING WHEN I SEE STICKS IN A FOOTING VIDEO CONTEST Great first video but can't wait to see what you have next to show a lot of great skiing and footing, camera work a little hard to see sometimes a total appreciation for show skiing and how hard it is and the level of talent to be good at so many things. The video was entertaining but weak quality
Zane	Peter John	Fleck Gillette	nice moves overhead 360, air roll. Miss the jump and creative stuff the dirt bike was ok but not as good as the jump The motorcycle and swing Intro added to the video length but not much to the entertainment quality and BF Freestyle factor. Nice BF start from boat to handle to dolphin. Novel flip off the boat, though not completely successful. Lots of personality and overall good video work made with good entertainment factor. The Devillers are the masters of the side slide and scissor slides!
	Chuck	Gleason	The flip off the side of the boat is awesome. I would have scored it higher if you'd landed it. Your skiing is getting stronger every video. Seems this video was thrown together faster than others. But great job none the less.
	Daniel JASON	Lariviere LEE	Some very technical moves, but video was long to start and had some long sections. Expected more form Zane. ZANE'S VIDS ARE JUST FUN.. I HE WOULD SPEAK A LITTLE IN THEM BUT THAT ABOUT ALL THE VIDS ALMOST. I WAS GOING TO FREAK OUT IF HE STUCK THE FLIP OFF OF THE BOAT. OVERALL KILLER. SWING AND BIKE ADDED SOME FUN.
	Don Scott	Mixon Pellaton	nice moves overhead 360, air roll. Miss the jump and creative stuff the dirt bike was ok but not as good as the jump A little week in the beginning but once it got going was good. That flip off the side of the boat was really cool, he should have come back and made it.
	Ron	Scarpa	fun and always interesting even when your not footing but a notch below big brother
Nolan	Peter John	Fleck Gillette	Good footing, try to be more original, it's like Andre just not as smooth Great talent and the butt slide king! Nice long slide with beach landing. Cool idea to use the ultralights, but I think the work and coordination it take to do that didn't add to the entertainment value. Side slide over the camera a bit innovative. Improving video quality would make it better (clearer focus, better light, steadier camera)

2010 BarefootCentral.com Freestyle Challenge

Round #1 Final Results

Chuck	Gleason	Good footing, try to be more original, it's like Andre just not as smooth
Daniel	Lariviere	Great editing with some very technical moves. Expected more from Nolan though considering his trash talk video...
JASON	LEE	NOLAN'S SKILLS ARE INCREASING AND HIS CAM WORK AND EDITING IS TOP NOTCH. I HAVE NO PROBLEM GIVING HIM A BETTER SCORE THAN SOME OF THE OTHER "TOP DOGS". I'D LIKE TO A POINT OF VIEW CAM ON ONE OF THOSE LONG SLIDE OUTS IN THE NEXT VID.
Don	Mixon	Love the video well put together but looking for a little more from you
Scott	Pellaton	Nice footin but a little more content would have been better
Ron	Scarpa	Nolan was fun to watch but I know he is capable of more. It looked like an early season video
Landen		
Peter	Fleck	Love the opener
John	Gillette	Creative and entertaining video. New wakeboard to tumble start...good idea and smoothly executed. Good video quality. I like the slide on the whip! Nice continuous 360 tumbles. Jump over the ball was new. Overall good entertainment quality!
Chuck	Gleason	Great first videos. Love the smiles, love the way you showcased everything you do. Be sure to train with Andre while he's in the states and your skills will sky-rocket. You're at the perfect stage to learn side slides, ADVs, dolphin variations, flips and more.
Daniel	Lariviere	This is a good example that with a creative imagination and good video editing not as highly technical skiers can make a great freestyle video. I really enjoyed it, hope to see more from Landen in the next 2 rounds.
JASON	LEE	NICE FIRST ENTRY BY LANDEN... GOOD EFFORT. LOST POINTS CUZ HE LOOKS LIKE BLAKE.
Don	Mixon	Great little video but learn to take the Date and time off of the camera while recording
Scott	Pellaton	fun to watch, I liked the wake skate start.
Ron	Scarpa	is rich in footing talent and I enjoyed seeing Landen enter freestyle. I hope for more videos to watch him progress
Chad		
Peter	Fleck	Cool tower shot angle
John	Gillette	I really liked the slow motion jump over the back of the boat in layout with super clean finish. Nice long butt slide to beach landing. Nice diversity of things. Nice dolphin to knees to feet. The sun was on your back during much of the video; would've been better if sun was on your face more. Good "fun factor", valiant effort, even though all tricks weren't successful. Creative slide-to-roll-to-180- to-swan finish!
Chuck	Gleason	This video will probably inspire more people to try these tricks than any other video. This is what freestyle is all about. Showcasing your skills and trying new stuff. GREAT JOB!
Daniel	Lariviere	Nice video, very entertaining. Good editing and image quality.
JASON	LEE	MAN IT'S GOOD TO HEAR HIS VOICE. A FOR EFFORT. PLUS BONUS POINTS CUZ IT'S HARDER WHEN YOU'RE CHAD.
Don	Mixon	Great to see and old man learn some new trick enjoyed your video
Scott	Pellaton	good stuff, i was entertained
Ron	Scarpa	look likes chad is having a blast. Obviously his skiing is not at open level but it certainly looks fun and safe
Wian		
Peter	Fleck	Good work, stay with it
John	Gillette	Video seemed low resolution or out of focus. Slow moving...first minute didn't contain much substance. Need to keep it more action-packed. Camera was unsteady. Some of the coolest "rewind" video I've seen.

2010 BarefootCentral.com Freestyle Challenge

Round #1 Final Results

Chuck	Gleason	Nice skiing. Starts off a bit slow, but builds up to some great skiing. You're the only guy to incorporate a girl into your video. Other contestants should make note of that. GREAT first video. Keep them coming.
Daniel	Lariviere	Nice skiing, just not very original. Even the music is déjà-vu.
JASON	LEE	NOT TO SHABBY... WORK ON CAM WORK. GREAT SONG!
Don	Mixon	Great skiing but might serve you better if boom was on the otherside of the boat for the direction of some of your tricks
Scott	Pellaton	Nice footin
Ron	Scarpa	ok effort but hard to watch zane and andre and then try score these guys.
Jacklyn		
Peter	Fleck	Great job, what Versatility!,
John	Gillette	Nice to see barefoot talent in a young girl. Glad to see an entry from someone other than a 14-40 year old male! Well rounded and courageous skier (top of the five tier pyramid?). However, much of the video was unrelated to freestyle barefooting. Video quality was poor; couldn't tell if you were on barefeet or shoe skis, and could rarely make out your face. Also the flow seemed random.
Chuck	Gleason	WOW! I didn't expect this one. Great video showcasing all your skills. Your brother is now scared you're going to outscore him because he knows you'll get the cute vote. He's right! Thanks for sharing your skills with us. Keep it coming!
Daniel	Lariviere	Nice to see a girl in the competition. Hope it encourages other ladies to do the same... Some nice skiing but just not very Freestylish IMO.
JASON	LEE	MORE GIRLS PLEASE!! THE DRY SUIT MAKES ME SHIVER. BONUS POINTS CUZ THE VIDEO SMELLS NICE.
Don	Mixon	Great to see a girl doing this fresh new look great song and cute video
Scott	Pellaton	glad to see a girl in this compitition
Ron	Scarpa	need more girls in our sport so I imposed my own grading curve. I hope to see Jacklyn in the future
