Comments made by Judges and various Public Voters

Quinn

Geno	Yauchler	Started out a bit slow, but picked up at the end with the engine railey. nice video!
Chuck	Gleason	Quinn is extremely dedicated to the sport. With the talent that's around him, I expect to see more from him in videos to come.
John	Gillette	I like the reverse and slow motion stuff. Nice creative camera angles and hot Air De Villiers. Could use more personality and diversity.
Scott	Pellaton	Easy to watch, nice camera work, could use more content.
Don	Mixon Jr	Nice and fearless trying things would have liked to see more
Jason	Lee	Very fun video with moderate wow factor. Editing and camera work was good but not pro quality. Originality was lacking somewhat. Also variety was limited. Progression of the video was average. Little deadtime which was good. Commentary is always good. Song was a good choice. Overall a nice effort, keep it up.
Daniel	Lariviere	Video was fun to watch especially taking into consideration that it is not as technically challenging as some of the others.
Peter	Fleck	Get cleaner, good stuff

Andre

Geno	Yauchler	Looking good as ever. Liked the S-bend railey! Side slide toe hold to back? Rediculous. My knees hurt just watching.
Chuck	Gleason	I've never seen anything like Andre before. Power, grace, excitement, and creativity all in one package. Amazing!
John	Gillette	Wow! That is takin' it up a notch...or two. Plus the storyline was entertaining. I liked the increased diversity in the slides and scissors. LOVED the one foot slide to toehold slide to toe back! One hand back tumble...strong! Personality too! The Air De Villiers Master...cleanest, plus with flips, and one handed! Nice slide to beach landing. I can't say the boat cleaning enhanced the video.
Scott	Pellaton	Great content, great action, great footin
Don	Mixon Jr	Inventive..this is what I have been expecting I think you released it a little to soon for your comp to copy
Jason	Lee	Very high fun factor. Very high wow factor. High editing and cam work. High originality. Good variety. Excellent progression. Little dead time. Fine commentary and great song choices. Overall the video is simply entertaining and the freestyle ability his hard fault. I'm undecided on the "story board" element however.
Daniel	Lariviere	What an amazing video! I liked the way the editing was done in a movie/story style of the video. I liked seeing some long-line footing at the beginning. I love the backwards jump out of the boat, but he Air DV with a roll is off the charts cool! Good choice of music too.
Peter	Fleck	Amazing, keep working on new stuff,

Willie

Geno	Yauchler	Very entertaining. I am impressed and grossed out with the speedo footin'. didn't know chubby guys could foot like that! LOL
Chuck	Gleason	I could have done without the speedo, but we asked him to put more classic Willie in his videos. Beware what you wish for. You can tell Willie's loving this competition. He's 50, but he's feelin and skiing like he's 20.

John	Gillette	The Speedo stuff...not sure whether to add or take away points for that. You're going to need more crunches than that to get six-pack abs Nice diversity of stuff including the video archives. If perseverance through the years was score-able, you would have a 10!
Scott	Pellaton	good content, needs more camera work, great footin
Don	Mixon Jr	Grat skiing as always from Willie but Not what I wanted to see a 50 some man in a speedo skiing
Jason	Lee	High fun factor. Moderate wow factor. Decent editing and cam work. Above average originality with good variety. Average progression. Little dead time. A bit of commentary but I laughed at it. Good song choice. Overall "one-way" Willie doesn't disappoint. I had a smile on my face the whole time but wasn't blown away by the "freestyle". It seems hard for him to let go
Daniel	Lariviere	I loved the video. Nice editing and great choice of music. Very entertaining, got me smiling the entire video. The toe-up in a speedo would make some good "JackAss" material. I have never had as much respect for a guy wearing a speedo as much as I do now...:)
Peter	Fleck	Toe up in a speedo, what do you say about that? Willie is always entertaining. Nice job
Joe Urban		
Geno	Yauchler	Good to see older dogs learning new tricks. It looked like the cameraperson was more nervous than you! Congrats on making it to the footers club.
Chuck	Gleason	Very entertaining. Now go learn a side slide and blow our minds next season.
John	Gillette	Interesting approach describing the fun and challenges of learning to barefoot. It puts the high skill of others into perspective and brings back memories of my beginnings!
Scott	Pellaton	Fun, I do remember those days!
Don	Mixon Jr	loved the story line just skiing not up to comp
Jason	Lee	Very high fun factor (memory lane). Low wow factor. Low editing/cam score. Low originality of "freestyle". Low variety. Off the charts progression. The way I score, this video has the highest progression ranking. Dead time due to long runs and restarts. No commentary but the written commentary was great! Top marks for song choice. While I can't give this video a
Daniel	Lariviere	Reminds you how long, yet satisfying, it can be to learn to barefoot...
Peter	Fleck	Nice documentation of the learning progression
Chris Morrison		
Geno	Yauchler	Duo footin. Like it. Totum pole footin and slappin it around homies! forget it. cant tell u nothin.
Chuck	Gleason	What I love about Chris' video's is he always has a smile on his face and is willing to try anything. The 360 off the boat was awesome. Now, what will he name it?
John	Gillette	Cool 360 off the boat! Nice diversity of exciting tricks solo and duo coupled with hot skill. Not as clean as some of the others. Come slalom with the godfather sometime!LOL.
Scott	Pellaton	Great footin, nice content, nice camera work
Don	Mixon Jr	Great skiing and I guess the song fits you.... nice three off the side of boat
Jason	Lee	Highest fun factor. Very high wow factor. Editing and cam work excellent. Original tricks with very good variety. Good progression with virtually no dead time. Commentary was hilarious and song choice just worked for the tricks for some reason. I don't know what it will take to get a 10 out of me but it can't be much more than this. One of the few vids i watched more
Daniel	Lariviere	Once again, some great skiing by Chris. I especially liked the aerial 360 off the side of the boat and the when Al stood on Chris' shoulders. I didn't think much about his bitching at the beginning ... but I guess it went with the title of the song (can't tell me nothing). Choice of song was a bit slow tempo IMO.
Peter	Fleck	Nice camera work
Gene Morrison		
Geno	Yauchler	You go boy! nice moves.
Chuck	Gleason	It takes a lot of guts to jump off the boat at 20. Now imagine you're 50. Great to see Gene having fun with his family on the water. Memories for a life-time.
John	Gillette	Way to go Gene! Good to show that fellow senior "weekenders" can still have a blast without having to live on the water!
Scott	Pellaton	Nice job, here's one for the more experianceed footers
Don	Mixon Jr	Admire you getting out there and skiing with your boys like this great job
Jason	Lee	Moderate fun factor. low wow factor. average editing and cam work. low originality. low variety. low progression. moderate dead time. no commentary besides the quote and one-liner. Song choice was curious. Overall i appreciate the effort to make the video and especially at Gene's age. I hope I can still rock it like he does when i'm 52. In the end however, i can't give a very high "freestyle" score.
Daniel	Lariviere	Although pretty basic stuff compared to most of the other videos, I was impressed by Gene jumping out of the boat.
Peter	Fleck	Good to see you out there
Paul Macdonald		
Geno	Yauchler	Nice moves there EH! first time I saw a back toe hold start from the boom!
Chuck	Gleason	Great video editing with b/w and color mix. Some cool moves and very clean skiing, but I know Paul is capable of a lot more as he tries more Freestyle moves. I can't wait to see his next entry.
John	Gillette	Sweet, smooth footin'... I love it! Clear and creative photography with slow motion. Cool personality, awesome close ups of the one foot side slide and turns. Cleanest, smoothest toe turns I've seen in this series.
Scott	Pellaton	Great footin, nice camera work, great content

Don Jason	Mixon Jr Lee	Good skiing alsomevideo effects...nice getting in the boat backwards Very fresh video from Paul. Moderate fun factor and high wow factor. Editing was first class. Scored points for original tricks. Above average progression of action. Very little dead time. Lost points for no commentary. Song choice was fine. Overall the video was fantastic and kept my interest the whole way through.
Daniel	Lariviere	Excellent video! I like the editing and choice of music. I especially liked his back-toe hold out of the boat, when he gets back in the boat backwards and his slow one-foot turns.
Peter	Fleck	Cool camera angles, nice job Paul
Zane & Heinrich		
Geno Chuck	Yauchler Gleason	Ouch! thats some freestylin there! you guys rocked! Zane is in a league of his own when it comes to creativity and guts. The handplant cross-over Heinrich was the coolest and smoothest move. I wouldn't have put the falls in the video. I would have put them after the credits. Video was very good but some transitions didn't make sense to me. Heinrich's switchblades are getting extremely smooth. Jumping over each other was unexpected and very exciting to watch.
John Scott Don Mixon Jr Jason	Gillette Pellaton Mixon Jr Lee	A nice variety of unique tricks, single and duo. Strong skills, sweet Air De Villiers. Video could be improved with better light and clarity. Great footin, good content, good camera work Nice skiing until the falls came in at the end..love the skiing under the hand plant...video editing is improving alot High fun factor. High wow factor. Average editing and cam work. Good originality and variety. Decent progression. No dead time. No commentary. Song choices were odd for me. Overall is was very fun to watch with some interesting moves and adaptations of older moves. It almost seemed like two entirely different videos because of the song change in the middle. It actually felt a bit disjointed because of this and as a result the flow and progression was interrupted. High marks overall.
Daniel	Lariviere	Nice pair of skiers. Good choice of music. Just looks like they are having a blast, what barefooting is all about. I especially liked the part where they are a few feet behind the boat jumping over one another, Zane's overhead 360 and Heinrich's jump off the ramp and his first jump out of the boat at the beginning of the second song.
Peter	Fleck	Great creativity, awsome job. great skills
Mike Temby		
Geno Chuck	Yauchler Gleason	yall some crazy som btches! You are so smooth! Temby is the master of the walk around. Oh, and the man can foot as well. I'd like to see him do a jump out, dolphin and a side slide in his next video. All while holding onto the ski. LOL! Watch, he'll do it.
John	Gillette	I love it! You're an entertainer and I loved the creative freestylin' using the ski! Cool moves! The big smile, the humor, and music were great. The fact that you don't exactly fit the mold of a ripped and buff twenty something adds to the entertainment! Not much barefooting, but big on enjoyment, innovation, and fun! Temby rocks!
Scott Don Jason	Pellaton Mixon Jr Lee	Not bad for an old guy. He wins my vote for the best skier nice effortless skiing...this is what freestyle is all about going out and having fun...showing something different really enjoyed the video off the charts fun factor. high wow factor. normal cam work, mike makes editing almost unnecessary. Great variety and progression. No dead time. Commentary and bonus material was the best i've seen. Song choice was perfect for him. What can I say. Mike Temby is a jewel. I really hope he makes another entry and finds a way to top himself. He spent most the time on the ski and this is a barefoot freestyle contest, or is it. Great job Mike!
Daniel	Lariviere	What a character! I had never seen a guy walk-around ski like that. Loved it when he went from long-line to boom and when he held on the boom backwards in front of the boom. I couldn't have chosen a better song for the video. He had me smiling all through the video... until he started singing La Bamba that is... Him and Willie certainly take the same kind of drugs.
Peter	Fleck	Amazing ski work, Loved it! vary fun to watch. send more in
Nolan Lough		
Geno Chuck	Yauchler Gleason	Entertaining. looking for more from this young gun. great start! Nolan gets my most improved vote. This kid is on a mission to catch Andre. And trust me, Andre is watching him closely. And it's not just Nolan, he has a support team around him like no other. I can't wait to see their next video.
John	Gillette	Exciting stuff, great diversity of tricks and unique side slide starts! I love how smooth and fluid you are on your feet! You just about did it all, plus the novel finish of the flying start over the camera.
Scott Don Jason	Pellaton Mixon Jr Lee	Good content, good camera work, good footin Great skiing just long love the dolphin to SS and toe SS up..your the most improved and look out Nolans on the rise did feel like it went on to long to me though Good to see Nolan progressing. Very high fun factor. Above average wow factor. Lost some points for shaky cam work in spots. Above average originality. Good variety with fair progression. Lost some points due to dead time during long un-edited runs and butt slides. Commentary and song choice were average. Overall it VERY fun to watch but only in spots. Condense video for higher score next time, focus on cam work and dead time reduction.
Daniel	Lariviere	Cool video. Nice choice of music, some interesting camera angles. I especially like the tumble-up start out of the weeds and his long-line to butt glide to boom. A few nice crashes too that reminds us that it is not as easy as it sometimes looks...
Peter	Fleck	Great job, it looks like your a natural

Jeff Fritschler

Geno	Yauchler	Some sweet wipe outs! you look a bit nervous, guess it's cause you got owned!
Chuck	Gleason	Great first video. Keep working on the freestyle moves and video editing. You know Andre really can't do all the stuff. It's all in the editing.
John	Gillette	Appreciate the entry and effort, but skill, execution and creativity are a few notches down from most of the others. The creative photography didn't enhance the score.
Scott	Pellaton	Fun, needs more content
Don	Mixon Jr	Great job for a begining freestyler
Jason	Lee	Moderate fun factor due to "serious" song choice and overdone effect filters. Average wow factor. Cam work was poor in spots. Originality was marginal but variety was good. Excellent progression of difficulty. Moderate dead time. Average commentary. Song choice made me sleepy. Jeff shows a lot of promise and I look forward to his next entry.
Daniel	Lariviere	Video was fun to watch especially taking into consideration that it is not as technically challenging as some of the others.
Peter	Fleck	Nice solid video,

Colt Mahan

Geno	Yauchler	Looks like work. Ouch! Way to go stickin with it and finally getting those tricks!
Chuck	Gleason	Power, Fearless, Talented. Great first video and amazing jumps. I'm sure you'll loose some pts for the song, but not with me. I'd like to see some killer hand-plants and Air DV back flips in the next video.
John	Gillette	Well...kudos for courage and perseverance. The Air De Villiers were nice, but too many of them (I counted 12 plus about 6 replays). The best part was the out-takes at the end showing this stuff ain't easy!
Scott	Pellaton	fun to watch, needs more content to be competetive
Don	Mixon Jr	nice jump over andre and love the Killer whale...
Jason	Lee	Great fun factor. Great wow factor. normal editing and cam work. Moderate originality. Low variety. Low progression. No dead time. Fun commentary. Fun song choice. Overall this was a fun video to watch but I didn't watch it twice like some of the others. Overall a nice showing from Colt.
Daniel	Lariviere	Nice aerials! He looked very comfortable doing them. Not my choice of music. Some nice crashes too...
Peter	Fleck	where did you put the ice first? clean up the sound track
